## JANKEL<sup>7</sup> LTTV

### LIGHT TACTICAL TRANSPORT VEHICLE

The Jankel LTTV delivers a multi-role platform like no other. Providing fleet flexibility and operational effectiveness with the very latest technologies, it is configurable and easily transferable for all Mission Modules. The LTTV is interoperable with the Jankel FOX

**Based on the reliable and proven Mercedes-Benz UNIMOG, the Jankel LTTV offers a high mobility platform, configurable to customer needs. Modular functionality brings significant operational advantage. Jankel has developed the LTTV as a fully militarised platform, tested and verified against harsh battle-field missions and military standards.**

# LIGHT TACTICAL TRANSPORT VEHICLE

## Dimensions & Weights

- Length – 6500mm
- Width – 2490mm
- Height – 3500mm
- GVW - 11,990kg
- Payload - 3000kg+

## Air Transportability

- C130 (collapsible ROPS)
- A400M
- Tie Down system to STANAG 4062/3548
- CH47 Under-slung (Exc Mission Module)

## Equipment Features (examples)

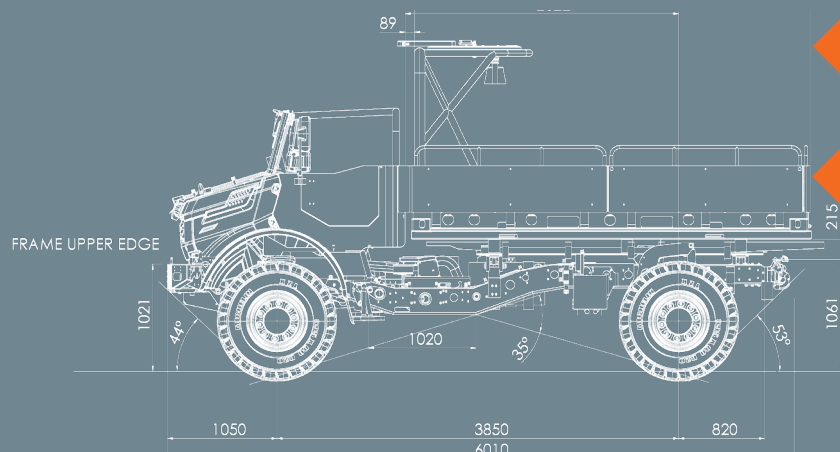

- Electric Recovery Winch (Front or Rear mounted) 80kN
- Electric Loading Winch (Mission Module)
- Black Out Lights and IR Lights
- Electrical System 12/24vDC
- Dual Alternator Charging System (6000W)
- Customer Specific Communication Fit
- Cold Weather Pack (-32°C)
- Hot Weather Transmission Oil Cooler (+50°C)
- Run Flat technology
- Enhanced Towing Capacity (14T)
- Class K Rear Towing Hitch
- Ballistic Protection Kit (BPK) E

## Performance

- Fuel Capacity – 180l
- Range (typical) - 850km
- Step Climb – 300mm
- Ground Clearance – 476mm
- Fuels – Multiple Diesels (F54, F63)
- Departure Angle - 49°
- Approach Angle – 45°
- Break-over Angle – 35°

## Weapon Systems Special Operations Module
